We are pleased to announce the release of the **Global Guide to Data Breach Notifications**.

This Guide, designed as a **reference** multi-jurisdictional handbook, provides **useful and synthetic information** on the **obligations imposed on companies** with respect to the **notification of data breaches** that result in the **violation/hacking of personal data**, in 43 jurisdictions around the world.

It was created and prepared by the members of the [World Law Group Privacy Matters Group](#). The World Law Group is a **network of leading independent law firms** with more than 325 offices in major commercial centers worldwide.

Our firm has authored the **chapter France** of this Guide.
