First Ahimsa RoundTable

Our firm **sponsored** and **participated** in the first **Ahimsa RoundTable**, a **series** of annual **working sessions** that constitute a **regular forum** that can **address** central **themes** for **Global Health**, organized **in collaboration** by the World Faiths Development Dialogue and Ahimsa Fund, an **endowment fund** that **contributes** to **development** by proposing **healthcare initiatives** that target **underprivileged populations**.

Designed to **propel** and **inspire change** and lead to **innovative actions** in the field of **Global Health**, this first **Ahimsa RoundTable** had as a **central theme** the **work of faith based communities**, and particularly its **innovative dimensions**. **72 persons** from **30 different nationalities**, directly **involved** in **public health initiatives** in their own country, **participated** to the **RoundTable** to **share** their **field experiences** and **reflect collectively** on how to **scale up** successful **initiatives** in different **world regions**.
